

Group Work Skills Training Course

If you want to learn more about Group work or simply hone your existing skills this is the course for you.

Target Audience:

- PAs and relevant IYSS staff
- PAs undertaking, or wishing to undertake the NVQ 4 LDSS
- PAs who work with groups or would like to
- Those wishing to fine tune their group work skills

Aims:

- Explore how they can be more effective in their group work sessions
- Identify the key components for running effective groups
- Experience other ways of working that they can then use when running their own groups
- Leave with a menu of options that will support them in achieving their desired outcomes
- Experience each other as a resource for ideas and support
- Identifying the key components for effective group work
- Examining the issues and obstacles they currently face and how to best work with these
- Looking at intentions and outcomes and how to achieve these
- Experience activities and exercises and new ways of delivering
- Look at ways of managing the group dynamic
