

# Helping young people make the most of their money

(1 day) New course

Tuesday 23<sup>rd</sup> March 2010  
9.30-5.00pm  
Solar House, E15 4LJ

**Target group:** The course is aimed at Youth information/advice workers who want to develop their skills and knowledge in delivering money advice to young people.

**Course Aims:** The course aims to give a greater awareness and confidence to engage young people in financial literacy.

## Learning Objectives:

By the end of the course, participants will be able to:

- Appreciate the factors that influence young people in their attitudes and behaviour to money
- Enable young people to understand financial capability
- Enable young people to make informed choices about saving and borrowing money
- Assist young people in effectively managing their debts
- Advise on when, where and how to refer young people for money advice

## Course methodology:

A half day workshop for advisers, providing toolkits, skills, knowledge and confidence to work more proactively with young people in money matters.
