

## Learning Difficulties & Disabilities (LDD) Training Course

A one day training event to equip PAs with the skills and knowledge to effectively work with young people with learning difficulties/disabilities.

### Target Audience

- PAs working with young people with Learning Difficulties or Disabilities
- Relevant IYSS staff
- PAs who would like to improve their skills and knowledge in this area
- PAs who would like an update on this legislation in this area

### Aims

- To understand the legislative and statutory requirements for working with young people with disabilities
- To recognise the barriers that young disabled people face in their transition to adulthood
- To consider and develop confidence in the role of the PA in addressing these barriers
- To be able to identify the various models of disability
